# ABOUT US

**RE CAPITAL VENTURES** is an investment management and advisory firm that has invested in several projects with reputed developers in the NCR region.

An established name in Gurgaon, we entered the market in 1978, when our parent firm established an industrial unit on a 2 acre plot in Udyog Vihar. In 2001, we converted the industrial unit to an IT Park and sold the project in 2004.

In 2008 we developed Eco Towers, a 90,000 square feet rental building in Noida next to Amity University. We have also received permission to set up an IT/ITES Special Economic Zone (SEZ) on 25 acres of land on Gurgaon Sohna road.

With a 35 year history of successfully facilitating developments and achieving a satisfied and happy customer base we are delighted to launch Arrow Serviced Suites, a Joint Venture with Spaze Developers. Arrow Serviced Suites are planned with perfection to give you a luxurious lifestyle and enhance your income.

Concept to commissioning a lifelong income and much beyond...
